

## Letter from Chamber President

**ST. MARY**  
CHAMBER OF COMMERCE

**January 28<sup>th</sup>, 2008**

**Citizens of St. Mary Parish,**

**I think as citizens of St. Mary Parish we realize that we live in the one of the most beautiful, exciting and safe parishes in the southeastern section of our state. As with everything involved in our lives, as individuals we have the capability of taking something that is good and making it better. We can make a difference.**

**The focal point for my involvement with the St. Mary Chamber of Commerce in the year 2008 will be to challenge and solicit every parishioner of St. Mary Parish to become knowledgeable and involved in the issues facing our parish. Together we can all strive to make our communities the location of choice for current and future businesses.**

**When someone shares with me an interesting fact regarding our parish, I too often find myself saying ... "I didn't know that"! St. Mary Parish has a rich history and culture that is highly marketable. There is no such thing as "status quo". If you're not moving forward ... you're slipping backward. We can all work together to move St. Mary Parish to the level of recognition we expect.**

**Join me in making St. Mary Parish the place that businesses and individuals call home.**

President, St. Mary Chamber of Commerce**
